

Hamilton Aquatics – Meet Calendar 2021

Please see below for a chart of ‘targeted’ meets for Hamilton Aquatics athletes over the next few months. The winter is a good time for racing where swimmers can work on the skills they are learning at training and try to integrate these into their performances. As we move towards the NZ Short Course Championships and NZ Secondary Championships. There are competitions for all levels and everybody of all age and ability have the chance to compete.

When looking at the table below please consider the following FAQ...

- Please note that all meets outside of the Waikato region might incur a coaching fee to cover the expenses of the coach(es) attending. Ideally, we will get several competitors to these competitions which spreads this cost across multiple families.
- There are several additional meets in Waikato and around New Zealand. All swimmers are welcome to attend these competitions, however it may be that a Hamilton Aquatics coach will not be in attendance.
- If you have a clash on these dates, there are many other competitions you may attend.
- Please speak with your coach prior to entering the competition. They will give you advice on which events will be most suitable at each competition.
- I have grouped competitions by squad. This is the most efficient way of trying to direct swimmers to the most appropriate competitions. It is important to remember that some swimmers may have individual requirements or goals that will require different competitions. If this is the case for you, please discuss this with your coach.
- The dates listed below are when the competition will take place. Please remember that entries are usually required 10 days prior. Try to enter these competitions early to ensure you get in.
- You can enter these competitions via the Swimming New Zealand Fast Lane portal. If you do not have a username and password, you will need to contact Abby for assistance on this.
- Here are some links you may find helpful in finding information on competitions and then entering them.
